Biography:

Sheldon is a graduate of Business Management at Keyin College with over an 80% overall average. It was during a time in his life when he slept on park benches and ate sidewalk donuts.

As a person who struggled to make friendships, he won the Human Relations Award during his Dale Carnegie training.

Currently the President of the Positive Thinkers Club - St. John's.

Sheldon's message that "If I CAN, which I HAVE and ALWAYS WILL, SO CAN YOU! One step at a time, WE WILL make it to the end of the line."

Sheldon identifies as being a person with a disability that isn't a disability. He says he has "dis"-ABILITY to overcome obstacles and challenges.

He is a MerB'y, and a choir member of Stella's Circle Inclusion Choir. He helps anyone out there looking for inspiration to set and achieve their goals.

His belief, for the most part, is that a person is only as disabled as they let themselves be. People with a disability must be free and empowered to make their own choices AND live with the consequences. That is how we all develop our character and personality. He has a new life now, a new future. He has the courage and wisdom to see it through.

Sheldon is active as a professional inspirational/keynote speaker. Also, he is an advocate of equal rights for all persons with disabilities.

Selected Publications: Sheldon wrote, edited, formatted and published his book entitled 'KEEP on WALKING' – A Transformative and Inspirational Journey,' an autobiography/book of poetry/self-help book/diary-journal all rolled into one.
